2. He loved them in the ag - es past, And died that they might be
3. He seeks them when they go a - stray, And from the Shep-herd roam;
4. He leads the lambs, with love un - told, To feed in pas - tures fair;
5. Dear Je - sus, may I hear Thy voice, And learn to fol - low Thee.

He leads them with His might-y hands, And feeds each ten - der lamb.
 His por - tion while the ag - es last-- To all e - ter - ni - ty.
 And goes o'er man-y a rug-ged way, To fetch His wan-derers home.
 The feeb - lest lamb in all the fold Re- ceives the Shep-herd's care.
 O may Thy ways be all my choice, To prove Thy choice of me.
